

Last year, 17% of TPS 3rd grade students were reported "On Track" in Reading

The Other
83% Need
You!

As a TutorSmart Volunteer, **YOU** can help increase Reading & Math skills for a struggling child in our community through one of our high quality After School Programs.

Together we **WILL** make a **DIFFERENCE** in their lives! For more information and to sign up to volunteer visit:

TutorSmart

GREATER TOLEDO

TutorSmart is looking for volunteers this fall!

Can you spare 2-4 hours a week to truly make a difference to a child who is struggling academically?

We will provide the training, you make the difference.

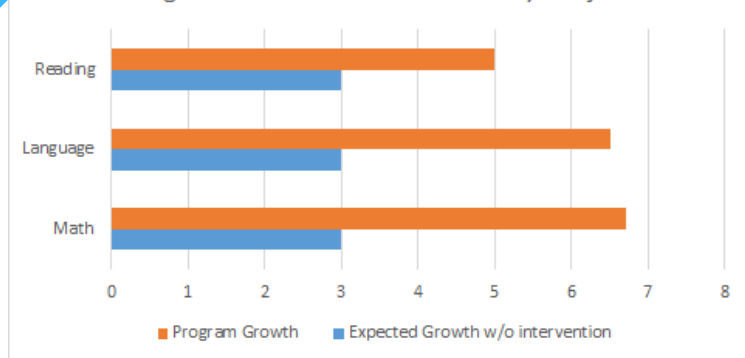

- Volunteers needed 3:30-5:30 pm Monday-Thursday
- Volunteer one day per week or more
- Work with K-8 students in Reading and Math
- Many sites across Toledo
- 1:1 and small group environments
- Technology based intervention
- Homework help

**Help Struggling
Students**

**Every Hour
Counts**

How do you know you are making a difference?

YMCA AfterSchool Learning Club Pilot 2019
Avg. Student Growth in Months by Subject

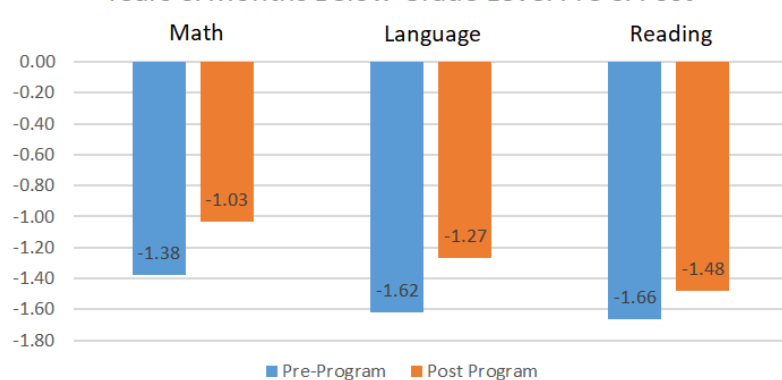

We track data!

Students in our programs demonstrated accelerated growth in all subjects. Yes, that is measured in months of progress!

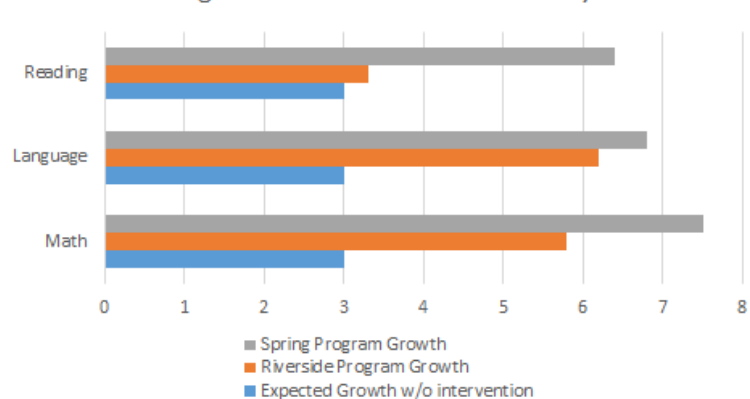

Effective Programs Close the Achievement Gap

Gap Closure measures how effective a program is at reducing the deficit between where a student should be performing (on grade level) and where they are actually performing.

Grade Level Gap Closure
Years & Months Below Grade Level Pre & Post

Average Student Growth in Months by Site

Students demonstrated at least double the growth rates of their typical peers

- 43% of students in Math
- 52% of students in Language
- 30% of students in Reading
